### *Features*

- Various sizes and colors available
- Fast, consistent, processing with strength
- Accurate diameter and size control
- Clear clean bore
- Good yields
- Ease of use

### *Benefits*

- Consistent drying and length control
- Good thermal processing
- Retains juices and flavors
- Uniform filling & superior shelf appearance
- Exceptional grill and water cooking performance
- Strong end closures
- Assured product safety

## ● Storage Conditions:

Nitta's casings should be stored in a cool, dry location at 5-15 degrees C. The box over wrap should not be unsealed until the casing is ready to be used. Left over casings should be resealed to retain proper moisture levels.

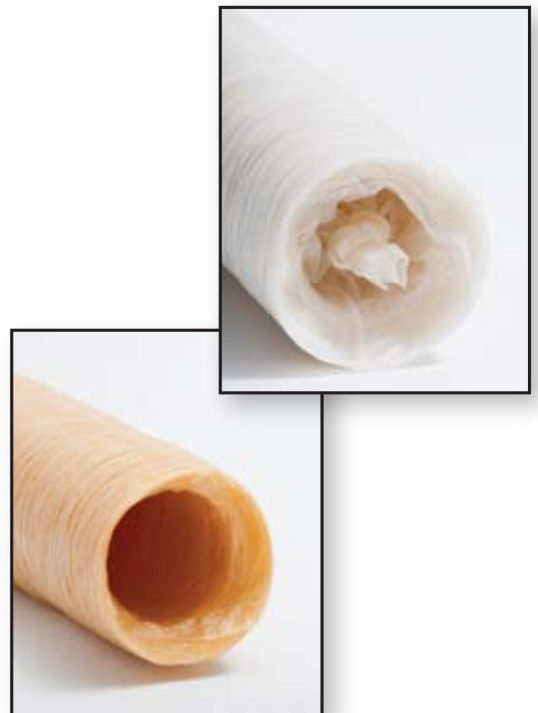

Nitta's casings have a general shelf life of 2 years.

## ● Stuffing:

Nitta's casings do not require any preparation. Simply open the box and our pre-shirred casings are ready to use (no soaking required). Desired weights are achieved via tight size control.

## ● Linking:

Our casings are designed to handle the rigors of high speed AL linking. We carry "open end" casings, and specialize in "closed end" casings designed for auto loading.

# Made To Exceed Expectations

## ● Cooking And Smoking Recommendations:

Please refer to our website: [www.nittacasings.com](http://www.nittacasings.com)

## ● Certificate Of Origin:

Nitta's casings are guaranteed to have been produced only from the hides of bovine cattle of United States, New Zealand and United Kingdom origin. *[Note: Rinderpest, Foot-and-Mouth Disease, Hog Cholera, Swine Vesicular Disease, African Swine Fever, and Contagious Bovine Pleuropneumonia do not exist in the above countries.]*

## ● Traceability/Food Safety:

Nitta's casings are made from rich bovine collagen protein which is fully traceable back to its source. Our casings are made from safe materials and put through processing methods that ensure the casings pose no health risks.

## ● Allergen Statement:

Our casings do not contain any of the major/priority food allergens as recognized by the European Food Safety Authority.

## ● Products Made With Nitta's Casings "B" and "D" Series Products Include:

Frankfurters/Hot Dogs, Cabanossi, Chorizo, Cremewurst, Bratwurst, Landjaeger, Ethnic Sausage and Knockwurst.
